Invitation

Dear guests and readers of this bulletin,

You are invited to join our club as stamp collecting has provided many of us with deep insights into past and present cultures of countries we may or may never visit. As a guest you can find the behaviour of exited members a bit overwhelming. Do not be afraid to ask questions. If you do, please do not be overwhelmed with the answer as you usually get more than you asked for. Some of us have been collecting stamps for such a long time that we have forgotten what it feels like to be a beginner.

Join in and enjoy a pastime that need not be expensive. If you have inherited a stamp collection we will provide you with information (free of charge) about the value of that collection. Again, you may get comments you do not like (there is rust in the collection; not worth much but interesting enough to expand; etc.). We are human and we have our little errors. However, if you do not like the information received, by all means, get a second opinion.

Looking back and ahead

The Summer Olympic Games, London 2012 have come and gone. Australia Post still made a profit not so much in stamps but if you want a full set of FDC's (17 x 7) that still makes 119 envelopes and please do not forget the stamp collection booklet (still to be issued).

Please note the little blue dot (c1/R4) on the number 7 issue. Those collectors are lucky who got an example. Who knows how much they will cost in a decade.

I have had to endue another operation on my right eye. If this keeps going I will be fully repaired but may have to get a job to afford buying stamps at the same volume as I did over the last decade.

I like to thank Richard for his patience with me documenting postmarks of NSW. A volume of over 80 pages is quite a task but now done.

Good luck and happy stamping

Uwe Krüger
President
